Now I am going to read you some potential presidential matchups. For each I want you to tell me who you vote for, based on JUST the candidates I mention. Even if you prefer someone else, I want to know who you would vote for between only the candidates I name... If the 2016 Presidential election were held today, and you had to make a choice, for whom would you vote between...

Now I am going to read you some potential presidential matchups. For each I want you to tell me who you vote for, based on JUST the candidates I mention. Even if you prefer someone else, I want to know who you would vote for between only the candidates I name... If the 2016 Presidential election were held today, and you had to make a choice, for whom would you vote between...

Jeb Bush, the Republican and Hillary Clinton, the Democrat?

Now I am going to read you some potential presidential matchups. For each I want you to tell me who you vote for, based on JUST the candidates I mention. Even if you prefer someone else, I want to know who you would vote for between only the candidates I name... If the 2016 Presidential election were held today, and you had to make a choice, for whom would you vote between...

Jeb Bush, the Republican and Joe Biden, the Democrat?
